

CURRICULUM VITAE

PERSONAL INFORMATION	Francesco Pisani Dipartimento di Scienze cliniche applicate e biotecnologiche Delta 6 - Via Pompeo Spennati 67100 Coppito (AQ) francesco.pisani@univaq.it
CURRENT POSITION	Full Professor
EDUCATION OTHER QUALIFICATIONS	<ul style="list-style-type: none">- 1978: Medical degree at "Sapienza" University of Rome, with the vote of 106/110.- 1979: Practical training in general surgery at the Fifth Institute of Surgical Pathology, Sapienza University of Rome, under the direction of professor Carlo Umberto Casciani.- 1981: Winner of a postdoctoral training scholarship from the Italian National Research Council (C.N.R.) at the Fifth Institute of Surgical Pathology, "Sapienza" University of Rome, under the direction of professor Carlo Umberto Casciani.- 1981: Specialty degree in Vascular Surgery from the Sapienza University of Rome, with honours.- 1988: Specialty degree in General Surgery from the Sapienza University of Rome, with honours.- 1989: Winner of a public competition, based on qualifications and examinations, for a post as technician for the Chair of Surgery, Faculty of Medicine and Surgery, University of Rome "Tor Vergata", directed by professor Carlo Umberto Casciani.- 1994: Inclusion in the ministerial authorization for cadaveric kidney transplantation, granted to the Chair of Clinical Surgery, University of Rome "Tor Vergata", S. Eugenio Hospital (director professor Carlo Umberto Casciani), with a ministerial decree of January 15, 1994, by the Ministry of Health.- 1994: Training in "The Liver and Hepatobiliary Unit - The Queen Elizabeth Hospital" - directed by professor Paul McMaster Birmingham- 1995: Inclusion in the ministerial authorization for cadaveric liver transplantation, granted to the Chair of Clinical Surgery, University of Rome "Tor Vergata", S. Eugenio Hospital (director professor Carlo Umberto Casciani), with a ministerial decree of January 26, 1995, by the Ministry of

	<p>Health.</p> <ul style="list-style-type: none">- 1995: Inclusion in the ministerial authorization for cadaveric kidney-pancreas combined transplantation, granted to the Chair of Clinical Surgery, University of Rome "Tor Vergata", S. Eugenio Hospital (director professor Carlo Umberto Casciani), with a ministerial decree of September 13, 1995, by the Ministry of Health.- 2000: Winner of a public competition, based on qualifications and examinations, for a post as Associate Professor in the Department of Surgery, Faculty of Medicine and Surgery, University of Rome "Tor Vergata", directed by professor Carlo Umberto Casciani.- 2001: since January 1, 2001, consultant at the Surgical Clinic, University of Rome "Tor Vergata", then at the General Surgery and Kidney Transplant Unit, San Salvatore Hospital, University of L'Aquila.- 2003: Winner of a public competition for a post as confirmed researcher, MED/18 General Surgery area, Chair of Substitutive Surgery and Organ Transplantation, University of L'Aquila, under the direction of professor Antonio Famulari, taking service on November 1, 2003.-2003: since 2003, member of the teaching body of the doctorate in Sperimental Medicine of the University of L'Aquila.- 2006: Winner of a public competition for a post as Associate Professor for the MED/18 General Surgery area, Chair of Substitutive Surgery and Organ Transplantation, Faculty of Medicine and Surgery, University of L'Aquila, under the direction of professor Antonio Famulari.- 2013: Winner of a National competition for the idoneity as Professor of I Level in MED/18 General Surgery area.- 2015: Member of the Scientific Commission of the Department of Applied Clinical and Biotechnological Sciences of the University of L'Aquila.- Starting from 1 November 2015: Director of the U.O.C. General Surgery and Organ Transplantation at university direction at the San Salvatore de L'Aquila Hospital.- 2017: Winner of the evaluation procedure for the coverage of a post of professor of the first band called dr 791 2017 of 27.10.2017 for the competition sector: 06 / C1 - GENERAL SURGERY - disciplinary scientific sector MED / 18 - GENERAL SURGERY in the Department of APPLIED CLINICAL AND BIOTECHNOLOGICAL SCIENCES.- Starting from 1 December 2017 : Service as first-line professor at the Department of Applied Clinical and Biotechnology Sciences of the University of L'Aquila.

UNIVERSITY OF L'AQUILA
DEPARTMENT OF
BIOTECHNOLOGICAL AND APPLIED CLINICAL SCIENCES

ACADEMIC APPOINTMENTS	During his career, he has conducted various research programs, both clinical and experimental, taking part in many national and international trials regarding transplantology. His interests focus on medical and surgical complications related to kidney transplantation, on the pharmacological therapy and the modulation of immunosuppression of the transplant recipient, and on the "one shot" antibiotic prophylaxis.
CLINIC APPOINTMENTS	He has practised medicine without interruption, starting from the medical graduation, as an intern of the Fifth Institute of Surgical Pathology, Sapienza University of Rome, under the direction of professor Carlo Umberto Casciani, and, later, as a resident physician in Vascular Surgery and then General Surgery. Since the 1st November 2003, when he was called to the chair of Substitutive Surgery and Organ Transplantation in the University of L'Aquila, under the direction of professor Antonio Famulari, he has worked as a surgeon in the "San Salvatore" hospital, L'Aquila. He has performed more than one thousand certified surgical procedures of major and minor surgery, as first operator or assistant

TEACHING EXPERIENCE

I. Specialty School in GENERAL SURGERY
- Academic year 1989-90: Lectures entitled "Seminars of Pathological Anatomy and Histology Renal", part of the official course on "Surgical Oncology", fifth year, Specialty School in General Surgery, University of Rome "Tor Vergata".
- Academic year 1990-91: Lectures entitled "Kidney anatomy and pathological histology" part of the official course on "Surgical Oncology", fourth year, Specialty School in General Surgery, University of Rome "Tor Vergata".
- Academic year 1990-96: Seminars, part of the official course on "Experimental Surgery and Microsurgery", first year, Specialty School in General Surgery, University of Rome "Tor Vergata"
- Academic year 2000-02: Course on "Substitutive Surgery and Organ Transplantation", Specialty School in General Surgery, University of Rome "Tor Vergata".
- Academic year 2001-03: Course on "Thoracic Surgery", Specialty School in General Surgery, University of Rome "Tor Vergata".
- Academic years 2003-04, 2004-05, 2005-06, 2006-07, 2007-08: Course on "Experimental Surgery", Specialty School in General Surgery, University of L'Aquila.
- From the academic year 2008-09 to date: Courses on "General Surgery and Transplantation", "Transplant Surgery", "Surgical Techniques", Specialty School in General Surgery, University of L'Aquila.

II. Specialty School in GASTROINTESTINAL SURGERY
- From the academic year 2005-06 to date: Course on "Transplantation Surgical Techniques", Specialty School in Gastrointestinal Surgery, University of L'Aquila.
- Academic year 2005-06: Course on "Surgical techniques in the surgery of liver, biliary tract, pancreas and spleen", Specialty School in Gastrointestinal Surgery, University of L'Aquila.

III. Specialty School in VASCULAR SURGERY
- From the academic year 2003-04 to date: Course on "General Surgery", Specialty School in Vascular Surgery, University of L'Aquila.

III. Specialty School in PLASTIC AND RECONSTRUCTIVE SURGERY
- Academic year 1990-91: Seminars on renal anatomy and pathological histology.
- Academic year 1990-99: Seminars, part of the official course "Plastic Surgery in Children", fourth year, Specialty School in Plastic and Reconstructive Surgery, University of Rome "Tor Vergata".
- Academic years 2005-06, 2006-07, 2007-08: Course on "General Surgery", Specialty School in Plastic and Reconstructive Surgery, University of L'Aquila.

IV. Specialty School in NEPHROLOGY
- Academic year 1996-99: Seminars, part of the official course "Kidney Transplant", fourth year, Specialty School in Nephrology, University of Rome "Tor Vergata".

	<p>- Academic year 2000-01: Course on "Kidney Transplant", Specialty School in Nephrology, University of Rome "Tor Vergata".</p> <p>- Academic year 2002-03: Course on "Anti-rejection therapy", Specialty School in Nephrology, University of Rome "Tor Vergata".</p> <p>V. Specialty Course in NEPHROLOGIC CARE AND DIALYTIC TECHNIQUES</p> <p>- Academic year 1994 - 2000: Seminars, part of the official course on "Kidney Transplant", second year, Specialty Course In Nephrologic Care and Dialytic Techniques, University of Rome "Tor Vergata".</p> <p>VI. Master's Degree Course in MEDICAL BIOTECHNOLOGY</p> <p>- Academic year 2004-05: Course on "Strategies for the replacement of organs and tissues and Transplant Surgery", Master's Degree Course in Medical Biotechnology, University of L'Aquila</p> <p>- Academic year 2005-06: Course on "Strategies for the replacement of organs and tissues and Transplant Surgery", Master's Degree Course in Medical Biotechnology, University of L'Aquila</p> <p>VII. SCHOOL OF MEDICINE</p> <p>- From the academic year 2005-06 to date: Course on "General Surgery", School of Medicine, University of L'Aquila.</p>
