

Francesca Marzi

Curriculum Vitae

Personal Information

Name Francesca
Surname Marzi

Professional Experiences

- July 2023 - Present **Data Scientist, Lecturer, Software Engineer**
University of L'Aquila, L'Aquila, (Italy)
- March 2023 - June 2023 **Assistant Professor (RTDa)**
DISIM - University of L'Aquila, L'Aquila, (Italy)
- September 2022 - **Postdoctoral researcher**
February 2023 DISIM - University of L'Aquila, L'Aquila, (Italy)
Research: Development of innovative data analysis techniques that take into account the diverse nature of the collected data; the definition of novel approaches to visualize raw and analyzed data.
- September 2020 - **Postdoctoral researcher**
August 2022 MESVA - University of L'Aquila, L'Aquila, (Italy)
Research: Data analysis in epidemiological studies related to Covid-19 infection in Italy, Europe and in the context of prisons of central Italy.
- June 2019 - February **Postdoctoral researcher**
2020 DISIM - University of L'Aquila, L'Aquila, (Italy)
Research: Theoretical analysis of compact and extended formulations for packing problems. Implementation of the above formulations in the main branch-and-cut frameworks, both commercial (CPLEX, GUROBI) and open source (SCIP). Computational analysis on existing test-beds in literature and on new test-beds.
- May 2017 - April 2019 **Postdoctoral researcher**
DISIM - University of L'Aquila, L'Aquila, (Italy)
Research: Use of formalisms and results of the transducer theories and trace languages (by Mazurkiewicz) in the study and creation of protocol mediators. Analysis of the effect of using optimal parsing within the classic dictionary algorithms LZ77 and LZ78.
- June - July 2016 **Teaching assistant for Erasmus students**
DISIM - University of L'Aquila, L'Aquila, (Italy)
Teaching exercises for Erasmus students for the Network Design course

Education

- October 2020 **Introduction to the medical statistics: the basis for collecting, analyzing and reporting clinical data**
Fondazione GIMBE
- January 2014 - May 2018 **PhD in Information and Communication Technology**
DISIM - University of L'Aquila, L'Aquila, (Italy)
Thesis advisors: Prof. Filippo Mignosi
Thesis title: Combinatorics, Formal Languages And Optimization Problems.
Mark: Cum laude
- May 2016 **Spring School: Extended Formulations for Combinatorial Optimization**
University of Salerno, Vietri Sul Mare, (Italy)
Study of construction techniques and lower bound of extended formulations.
- July 2013 **Master Degree in Computer Science**
DISIM - University of L'Aquila, L'Aquila, (Italy)
Thesis title: On distance between words
Mark: 110/110 cum laude
- July 2010 **Bachelor Degree in Computer Science**
DISIM - University of L'Aquila, L'Aquila, (Italy)
Thesis title: On distance between matrices
Mark: 110/110 cum laude
- July 2005 **Secondary School Diploma in Computer Science**
Technical Institute "Amedeo D'Aosta", L'Aquila, (Italy)

Courses

- Multimedialità e informatica per le scienze sociali. Corso di Laurea in Scienze del Servizio Sociale, a.a. 2023/2024

Participation to Research Projects

- Member of the Automata, Formal Languages and Stringology research group (2014 - 2020)
- Participation to PRIN project 2015 n° 20153TXRX9, *Scheduling cuts: new optimization models and algorithms for cutting, packing and nesting in manufacturing processes*
- Member of the *Società Italiana Di Igiene, Medicina Preventiva e Sanità Pubblica (SItI)*, year 2022
- Member of Data Science and Engineering research group (2022 - 2023)
- Member of the IEEE Association, year 2023
- Participation to *Territori Aperti* project
- Participation to *FAIR-EDU: Promote FAIRness in EDUcation Institutions* project
- Participation to *SoBigData.it* project
- Participation to *National Centre for HPC, Big Data and Quantum Computing* project

Founded Projects

- Data-quality-driven estimation of computational complexity of Machine Learning systems. Research Starting Project, 2023, University of L'Aquila. 2250€

Committee and Reviewing Activity

- Subreviewer for 25th International Conference on Fundamental Approaches to Software Engineering
- Publicity Chair IEEE 36th International Symposium on Computer Based Medical Systems (CBMS) 2023
- Program Committee IEEE 36th International Symposium on Computer Based Medical Systems (CBMS) 2023
- Reviewer for IEEE 36th International Symposium on Computer Based Medical Systems (CBMS) 2023

Conferences

- Student Volunteer at Software Technologies: Applications and Foundations (STAF) July 2015, L'Aquila, Italy
- Mathematical Aspects of Computer and Information Sciences (MACIS), 11-13 November 2015, Berlin, Germany
- International Symposium on Combinatorial Optimization (ISCO), 16-18 May 2016, Vietri Sul Mare (SA), Italy
- European Conference on Operational Research (EURO), 23-26 June 2019, Dublin, Ireland
- XXX Congress Interregionale SICULO-CALABRO Siti "1990-2022 Trentadue anni di Igiene" La ripartenza della medicina preventiva e della sanità pubblica nel post-Covid, Lipari, 26-28 May 2022
- Il Pianeta Carcere al Tempo del Covid-19, Pescara 21 October 2022
- Second Workshop on Reproducibility And Replication of Research Results (RRRR), 22 April 2023, Paris, France
- IEEE 36th International Symposium on Computer Based Medical Systems (CBMS), 22-24 June 2023, L'Aquila, Italy

Speaker at Conference

- Aronica, S., Langiu, A., Marzi, F., Mazzola, S., Mignosi, F., and Nazzicone, G. *Compressing big data: When the rate of convergence to the entropy matters*, MACIS 2015
- Marzi, F., Mignosi, F., Rossi, F., Smriglio, S., *Intensity Modulated Proton Therapy by Integer Programming*, EURO 2019
- Di Marco, D., Marzi, F., D'Angelo, A., D'Aloisio, G., Di Marco, A., Stilo, G., *FAIR-EDU: Promote FAIRness in EDUcation Institutions*, Gender Equality & Artificial Intelligence, DSU L'Aquila, 21-22 November 2022
- IEEE 36th International Symposium on Computer Based Medical Systems (CBMS), 22-24 June 2023, L'Aquila, Italy

PhD Student Co-Advisor

- Andrea Bianchi, PhD Student at DISIM

Other Titles

- Nominated teaching assistant and examiner of the course "*Introduction to Computability and Complexity*" for the scientific disciplinary sector INF/01, from the Department Council of DISIM, University of L'Aquila, for the years 2018-2019, 2021-2022, 2022-2023.
- Nominated teaching assistant and examiner of the course "*Information Theory*" for the scientific disciplinary sector INF/01, from the Department Council of DISIM, University of L'Aquila, for the years 2018-2019, 2021-2022, 2022-2023.
- Nominated teaching assistant and examiner of the course "*Information Retrieval*" for the scientific disciplinary sector INF/01, from the Department Council of DISIM, University of L'Aquila, for the years 2021-2022, 2022-2023.
- Nominated teaching assistant and examiner of the course "*Linguaggi di Programmazione e Compilatori*" for the scientific disciplinary sector INF/01, from the Department Council of DISIM, University of L'Aquila, for the years 2021-2022, 2022-2023.

Teaching Activity

- Academic Year 2017/2018 Teaching exercises for the Introduction to Computability and Complexity course, DISIM, University of L'Aquila
- June - July 2016, Teaching exercises for Erasmus students for the Network Design course, DISIM, University of L'Aquila
- Academic Year 2015/2016 Teaching exercises for the Programming Principles and Paradigms course, DISIM, University of L'Aquila
- Academic Year 2014/2015 Teaching exercises for the Bioinformatics course, DISIM, University of L'Aquila
- Academic Year 2014/2015 Teaching exercises for the Introduction to Computability and Complexity course, DISIM, University of L'Aquila
- Academic Year 2014/2015 Teaching exercises for the Information Theory course, DISIM, University of L'Aquila

Co-advisor for:

- Bachelor Degree Thesis in Computer Science of Flavio Furia (advisor Prof. Filippo Mignosi), "*Sulla distanza di 2-Edit*", University of L'Aquila.
- Bachelor Degree Thesis in Computer Science of Simone Bucciarelli (advisor Prof. Filippo Mignosi), "*Pattern matching con preprocessing sul testo*", University of L'Aquila.
- Bachelor Degree Thesis in Computer Science of Marco Pistilli (advisor Prof. Filippo Mignosi), "*String matching con preprocessing sul pattern*", University of L'Aquila.
- Bachelor Degree Thesis in Computer Science of Roberto Felicioni (advisor Prof. Filippo Mignosi), "*Il problema dell'ottimizzazione dei piani di trattamento in protonterapia*", University of L'Aquila.

Languages

Italian: native proficiency

English: professional working proficiency

Technical skills

Research level knowledge of Computability and Complexity Theory, Information Theory, Operational Research, Combinatorial Optimization, Algorithms and Data Structures, Medical Statistics, Data Science and Open data.

Good knowledge of the main optimization solver for linear programming: GLPK, Gurobi, CPLEX.

Good knowledge of Python and libraries for data analysis and visualization such as Numpy, Pandas, Scipy, Matplotlib, Seaborn, Folium, Geopandas

Good knowledge of C, Java, PHP, SQL, HTML, CSS, JavaScript. Knowledge of Matlab, SAS and R

Good knowledge of Ckan data management system

Daily use of the main operating systems (Unix-like, Mac OS, Windows).

Autorizzo al trattamento dei dati personali, in conformità alle disposizioni della legge sulla privacy (D.L.196/03).

L'Aquila, 23 August 2024
