

Funded by TRANSCAN-3 JTC 2021

Italian funding from the Ministry of University and Research (MUR)

The IMMOSCAN Consortium met at the Université Côte d'Azur in Nice, France, from September 29 to October 1, 2025, to evaluate the progress made by the consortium's member groups and decide on strategies for the continuation of the research.

In attendance were Consortium Coordinator Prof. Hanna Taipaleenmäki of Ludwig-Maximilians-Universität in Munich (Germany), Prof. Dominique Heymann of Nantes University (France), Prof. Claudine Blin of the Université Côte d'Azur, Nice (France), who organized the meeting, Prof. Thomas Andersen and Prof. Christina Moller Andreasen of the University of Southern Denmark (Denmark), Dr. Vincenzo Flati of the University of L'Aquila, and Drs. Amy Ribet (Munich), Abdelilah Wakkach (Nice), Maria Materozzi (Nice), Daria Klusa (Nantes), Jacopo Di Gregorio (L'Aquila), and Reza Yadollahvandmiandoab (Nantes). Guest, Prof. Anna Maria Teti.

The meeting took place in the usual atmosphere of collaboration and friendship and was very productive.

The Consortium partners will meet for the fifth time in June 2026 at the Ludwig-Maximilians-Universität in Munich (Germany)
